

## ART Course on Nuclear Cardiology Nuclear Imaging in Cardiology

Imagistica radionuclidică în cardiologie

Cardiologia nucleară la granița dintre specialități

20-21 Martie 2026 | București

# VALERIU GHEORGHÎȚĂ

Dr. Valeriu Gheorghîță is Professor of Infectious Diseases at the “Carol Davila” University of Medicine and Pharmacy in Bucharest and Head of the 4th Department of Infectious Diseases at the “Prof. Dr. Agrippa Ionescu” Clinical Emergency Hospital. His research focuses on the prevention and management of healthcare-associated infections, antimicrobial resistance, and antibiotic stewardship policies. A key clinical interest of his department is the integrated management of infective endocarditis, in close collaboration with the medical and surgical specialties involved in the endocarditis team. Between 2020 and 2022, Dr. Gheorghîță served as the National Coordinator of the COVID-19 Vaccination Campaign in Romania, playing a pivotal role in the development and implementation of the national vaccination strategy.
